OF THE SPIRIT

Bhutan with Peter
16 - 29 October 2025

"Bhutan is the crossroad upon which your spirit meets your physical world, and asks you to reflect upon what is really true for you. If you allow the intrinsic spirit of Bhutan to reach deep within your soul, you will find a peace and joy that lives within you.

All you have to do is be there with the people and country to touch this inner sanctum.

Bhutan is more than just the prayer flags and pray wheels, it is the heartbeat of a time lost to the Western World. A heartbeat that renews itself every time you spin a prayer wheel or fly a prayer flag. Bhutan takes you on a journey within. All you have to do is be there."

Julianne 11/11

Imagine a kingdom where happiness is paramount, where culture and tradition remain intact and where Buddhism has predominated since the 7th century

This country is Bhutan, the 'Land of the Thunder Dragon'. Step inside a mystical kingdom floating high amongst the clouds in the Himalayas, a place often romantically referred to as the Last Shangri-la.

This journey takes you on a magical journey across the western provinces and gently weaves through the central Bumthang region of the Drukpa people to follow the trail of Guru Rinpoche, or Padmasambhava, the revered saint who brought Buddhism to Bhutan.

As we head east we will journey alongside the rushing rivers that snake through the valleys of Paro, Thimphu and Wangdue. There is plenty of time to rest and explore in the local villages and mingle with the people that live there. Discover fertile rice paddies, verdant valleys, lush forests, magnificent mountains and pristine rivers that comprise this magical land.

We will venture to central Bhutan region with an opportunity to explore the remote and ancient monasteries and temples. We will have the chance to meet and chat to monks and the caretakers of these precious sites and make offerings to local deities.

On returning to the Western provinces we will also explore the Punakha Dzong, the winter residence of the Je Khempo, who is the head of the Bhutanese monk body.

Before leaving Bhutan we take a day hike to the famous Tiger's Nest Monastery, perched high on a cliff above Paro Valley, to hang prayer flags, to seek blessings and to be present to one of the most extraordinary energetic sites on our planet.

Often considered Switzerland within Bhutan, we will visit some of our friends whom we have connected with on our past journeys. Along the way to Ura we will visit the sacred Membar Tso or ‘Burning Lake’ a significant spiritual experience where according to Buddhist belief, the famous Pema Lingpa, the revered treasure seeker, found ancient treasures and teachings hidden by Guru Rinpoche.

There are many hidden surprises with Bhutan and I wouldn't want to share them all before you get there!

Day 13 Tuesday 28 October

Hike to Taktsang

On your second last day in Bhutan, our piece de resistance is a walk up to Tigers Nest Monastery – an immersion of the senses you will never forget! Taktsang Monastery is the most famous monastery in Bhutan and is perched on the side of a cliff 900m above the Paro Valley. In Buddhism it is said that Guru Rinpoche flew here on the back of a tigress, and meditated at this place and so the monastery is called “Tiger's Nest” (Taktsang). It is a sacred place of pilgrimage which Bhutanese people try to visit at least once in their lifetime. Rise early like the monks to visit this spectacular monastery before anyone else arrives. Spend the afternoon resting at the hotel or perhaps a Hot Stone Bath to rejuvenate your walking legs, or just absorbing your last few hours in Bhutan in the beautiful grounds of our resort.
